

- ▶ **Product**
LBB 6152/01
- ▶ **Release Date**
1st of June 2018

Product Description

The LBB6152/01 Single storage rack is the successor of the LBB6152/00
New functions like 'No-Bleep' and contacts for remote 'in rack' signalization.

Features

- ▶ Stylish table top design, compatible with previous version.
- ▶ Charging rechargeable batteries of the Atus paging receivers or PS-micro Mobiles.
- ▶ Possibility to disable receiving calls from the system
(when internal switch is set in No-Bleep mode.)
- ▶ Option to detect remotely when a mobile is placed in the rack, useable e.g. as alternative for absent detection.
- ▶ Power Supply LBB5319/15 is included.
- ▶ Remote reset alarms when a PS-Micro mobile is placed in the rack.
